Why Karndean?

All the benefits of Karndean Designflooring...

Hygienic

Unlike carpets, our floors don't hold dust, dirt, pollen or other allergens.

Durable

Unlike other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

Easy to clean and look after

A sweep and mop with Karndean Clean is all you need to keep your Karndean floor looking great.

Compatible with underfloor heating

For added warmth, Karndean is perfectly suitable for underfloor heating systems up to 27°C.

Quiet compared to other hard floors

Karndean is quieter underfoot compared to most hard flooring alternatives.

Waterproof

Karndean's waterproof floors stand up to spills of all sizes and won't swell, crack or warp when wet.

Resists indentation

All Karndean floors stand up to the impact of day to day life.

K-Guard+

We use K-Guard+ surface technology for scuff and stain resistance ensuring there is no need to apply an additional surface treatment following installation.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

Heritage Collection

The Heritage Collection features a range of exquisite designs inspired by the architectural tiled floors of grand Victorian and Regency villas and townhouses.

Each design has been created to give the opulent look of classic geometric tiles. From striking monochrome designs to beautifully blended traditional patterns, the collection reflects both the classic elegance of historic homes and the boldness of contemporary trends.

Ideal for recreating the original character of elegant period interiors or for a contemporary statement look, the Heritage Collection features a tasteful mix of shades that can be used to create a totally individual look. Perfect for frequently used areas where highly durable flooring is required, our Heritage Collection reinvents historical style with all the benefits of luxury vinyl tiles, offering a practical choice for an on-trend, modern floor.

Presenting a range of 12 colours, from timeless terracotta, crimson and gold to contemporary dove grey, taupe and baby blue the Heritage Collection features square, triangle and octagonal tiles, available in all 12 shades, which can be mixed and matched in any combination to create a truly individual floor.

First impressions

Create a grand entrance to your home with the classic combination of terracotta, blending with the muted on-trend grey in this traditional geometric pattern.

Mayfair

Mayfair recreates a traditional pattern formed from squares and triangles, historically found in the entrance halls of grand Victorian homes. Our Mayfair design is offered in a classic colour combination of blue, terracotta and grey or as a modern interpretation with a combination of blue, crimson and gold.

(See page 17 for colour components)

Clifton

Clifton is a timeless, classic pattern using square and triangular tiles to create a star and square effect. A pattern that looks stylish in traditional black and white, Clifton also offers calm neutral combinations in taupe or dove grey, or a contemporary mix of grey and blue balanced with soft-white and black highlights.

Create a statement

Pair this Clifton design with its matching diamond border for an eye-catching, statement floor.

*Simple
elegance*

Blending traditional patterns in contemporary colours to create an understated look.

Lansdown

Lansdown presents a clean and contemporary grid effect which looks stunning in a simple yet elegant black and white or highlighted with bold blue or green inset tiles. For a more modern look, a softer, understated option is offered in a combination of grey and white.

Montpellier

The opulent Montpellier design mixes classic octagonal tiles with square insets in a contrasting shade for an architectural neo-classical style.

Presented in eight suggested colourways, traditional colours such as terracotta, black and white are combined for a classic look, or offered in a statement design with contemporary grey, pink, blue or taupe shades.

Decorative borders

Each Heritage design has a selection of decorative border options and infill tiles available to provide a sophisticated finish to each floor.

Brick and Diamond borders are available in a choice of colours with corresponding corner sections, ideal for framing a room.

Choose an infill colour that matches the main floor, or for something different try a contrasting colour.

Border		Colour combination	Width	Length
Brick		V20/SP115	3"	36"
		V20/V19		
		V20/V17

Online tools

We have worked hard to develop useful digital tools to allow you to narrow down your colour choices and help you visualise your floor.

Style Finder

Our Style Finder tool is designed to help you narrow down your choices when choosing Karndean Designflooring. Answer a few simple questions, and based on your answers, we will narrow down our products to show you our top picks for your next project. Or take a look at our Product Selector app, that contains our whole product range.

Moodboards

Our new Moodboards tool allows you to create personal moodboards with links to your favourite products, images and posts.

Floorstyle

Our Floorstyle Floor Designer tool contains our entire catalogue of products. You can select your favourite designs and see them in a variety of typical room settings. Floorstyle also allows you to change angles and laying patterns, add grout effect strips to the design, compare floors side by side, and also share your creations.

The complete collection

We offer more than 200 flooring choices across gluedown, loose lay and rigid core format. Download or order a copy online to view the complete collection inspired by the look and texture of natural wood and stones.
