# Karndean Designflooring in Healthcare Settings

Within the healthcare sector it is important to create the right atmosphere, whether it is a large waiting area or a small therapy room. Our product designs can enhance any area and offer all the practicality that a busy healthcare environment needs.

## Flooring to meet hygienic requirements

Karndean Designflooring nonporous planks and tiles resist spills, avoid dust mites and do not contribute to bacterial growth. Our products and adhesives carry the FloorScore® Indoor Air Quality certification and are phthalate-free. In addition, our products are easy to clean and maintain by on-site staff without the use of harsh chemicals or the need for waxing.

## Create a calming healing environment

With Karndean Designflooring, design a homelike atmosphere that puts clients at ease from the moment they walk through the doors. Our wide range of stylish, hygienic and durable flooring allows for the creation of a safe and calming healing environment where patients can thrive.

## Durable flooring for high traffic areas

With wear layers up to 30mil, Karndean Designflooring can withstand even the most demanding environments, including static loads up to 2,000 psi\*, wheelchairs, Hill-Rom beds and machinery.

\*Varies by product range. Consult our technical data sheets for more information.

# UCLA Medical Clinic

Location: Malibu, California

Product: Opus Weathered Elm **WP511**

"A wood look was a natural choice for the space, as it provided natural warmth and texture. We chose Karndean vinyl flooring because it offered us both an extremely durable, hygienic and practical product, and a perfect replication of natural wood with a huge array of colors and sizes to complete our vision."

Daphne Thiele, Designer for Gensler Design and Architectural Firm

Opus  
GUELDOWN

Opus  
GUELDOWN

# Hempfield Animal Hospital

Location: Lancaster, Pennsylvania

Product: Opus Texo **SP718**

"Given the setting, it was essential that the new floor be able to withstand constant 'paw and claw traffic' and be easy to clean when accidents inevitably occurred."

Dr. William Edkin, VMD at Hempfield Animal Hospital

## Color and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in color and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.
