Drakes Supermarket
Retail case study

Karndean Opus vinyl flooring, known for its durability and attractive design, has been selected for installation in the new Drake supermarkets located in Springwood. As a trusted and renowned brand, Karndean Opus provides a perfect flooring solution for high-traffic commercial spaces like supermarkets.

Karndean has been supplying flooring to Drake Supermarkets for over 20 years, with their Van Gogh and Art Select planks being used extensively until Drake's rebranding in 2017. Following the rebranding, Drake's designers opted for a more contemporary grey colour palette and chose Karndean Opus tiles to achieve a modern look in their stores. The Opus range's mix of mid-brown and grey hues offers an authentic-looking natural colour variation to complement the style look and feel of Drake supermarkets. With its versatile design, Opus blends seamlessly into various interior styles, creating an inviting atmosphere for shoppers.

One of the key features of Karndean Opus vinyl flooring is its heavy-duty commercial durability. Its 0.5mm wear layer ensures long-lasting performance, maintaining its appearance and integrity even in high-stress areas.

Safety is another crucial aspect in commercial spaces, especially supermarkets. Opus provides peace of mind with its R10 Slip rating, offering traction and reducing the risk of slips and falls. Additionally, Karndean offers Opus tiles with an R11/P3* slip rating, for higher-risk areas such as the fresh produce area of a supermarket.

To further assure the suitability of Opus for commercial applications, it comes with a 15-year commercial warranty

The installation of Karndean Opus vinyl flooring in Drake supermarkets not only enhances the visual appeal of the stores but also contributes to the overall shopping experience. Its durability, slip resistance, and long-term warranty ensure that the flooring will withstand the daily challenges of a busy retail environment, providing a reliable and attractive foundation for customers and staff alike.

Formats

We offer three types of product formats: Loose lay, rigid core and gluedown.

Loose lay

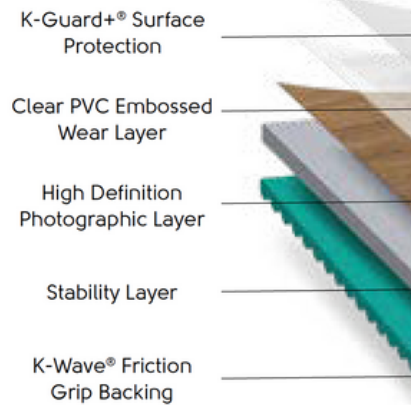

Karndean LooseLay features our K-Wave® friction grip backing which helps hold the product to the subfloor without adhesive, making it quick and easy to install. Ideal for underfloor access panels and temporary roomsets, each plank can be lifted individually where required.

LooseLay Originals

1050 x 250mm plank, 500 x 610mm tile

LooseLay Longboard

1500 x 250mm plank

Rigid core

Our rigid core ranges are ideal for installations where acoustics, uneven subfloors or preservation of existing hard floors need to be considered. A click-locking mechanism allows for quick installation and the preattached backing eliminates the need for a separate underlayment.

Korlok

1420 x 225mm plank, 457 x 600mm tile

Van Gogh

1220 x 180mm plank

Knight Tile

1220 x 180mm plank, 305 x 457mm tile

Gluedown

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean Designflooring.

Art Select

228 x 76mm, 915 x 152mm, 1219 x 178mm plank

Van Gogh

1219 x 178mm plank

Opus

915 x 152mm, 1219 x 228mm plank, 457 x 610mm tile

Knight Tile

1219 x 178mm plank, 305 x 305mm, 305 x 457mm tile

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
